

THE DAILY APPEAL

Friday Morning, August 19, 1870.

G. A. R.—A meeting of Stanton Post, No. 29, will take place this evening at 7½ o'clock, at their Hall.

Wood.—Mr. A. Curry Superintendent of the U. S. Branch Mint, at this place, advertises in another column for proposals for furnishing 300 cords of wood for the use of the mint. See advertisement.

EARLY RIPENED CORN.—We have in the office specimens of flint corn, raised from seed planted the middle of last May. The corn is fully ripened and dry, and was grown by the writer of this item in a garden in the northwest part of town. These facts may not be very remarkable, but they are good evidence that like kinds of corn may be successfully and profitably raised in this valley in defiance of latest Spring and earliest Fall frosts.

DOORS AND SASH.—As a business notice, by request of the proprietors, we would call attention to the steam lumber mill of A. H. Davis & Son, on Carson street; and to the doors and sash now being manufactured at that establishment, designed for the Dayton market; to be used in rebuilding on the recently burned district. For substantial, nicely fitting work and good material, these articles have heretofore had no equal in this section of country.

AN EXTENSION OF BUSINESS.—The Messrs. Oleovich, having purchased the building adjoining their old store, are having it reconstructed and refitted preparatory to occupancy by them in the way of extending their business. While they will continue as heretofore to keep the finest stock of dry goods, at their well known stand, the new premises will receive a large and complete stock of furniture, carpets, bedding, wallpaper and the like. Those articles will be offered for sale on the opening of their new store, about the 1st of September. Considering their facilities for obtaining stock, having members of the firm resident in San Francisco and New York, the above announcement by the Oleovich Brothers will be readily understood by residents in this section as meaning business that will not fear competition.

DEATH OF A NEVADA JUDGE.—A dispatch to yesterday's Enterprise from Hamilton, dated the 16th announces the death, at Pioche City of Judge Leake of the Ninth Judicial District. Leake was appointed to fill a vacancy caused by the death of Hon. Ben Currier.

DIED.

In Carson, Aug. 18, 1870, Charles M., son of David H., and Rhoda Brown, aged 13 months and 12 days.

The funeral will take place this afternoon, from the White House at 3 o'clock. Friends and acquaintances of the family are invited to attend without further notice.

Notice of Sealed Proposals.

NOTICE IS HEREBY GIVEN THAT SEALED Proposals will be received, at my office, by the Board of County Commissioners of Ormsby County, up to the

19th day of September, 1870,

at 10 o'clock A. M., for the making of all necessary repairs in the County Building, caused by the fire of June 24th, 1870, in Mr. Greenbaum's store.

After the 20th inst., specifications may be seen at this office.

The Board reserves the right to reject any and all bids.

By order of the Board,

August 17, 1870.

T. J. EDWARDS, Clerk.

CARSON CITY

GAS COMPANY.

THE CARSON CITY GAS COMPANY HAS been formed for the purpose of lighting Carson with gas, and it is proposed to use the Pneumatic method (Bland's patent) as furnishing the most economical and brilliant light known.

The capital stock of the Company has been fixed at \$50,000, consisting of 500 shares of the par value of \$100 each.

It will be necessary for \$20,000 of stock to be subscribed in Carson. Of the remainder, \$15,000 is reserved for the Pacific Pneumatic Gas Company as payment for their patent right, and \$5,000 is reserved by the Carson City Gas Company as a fund from which the Trustees can at any time extend their mains to meet the growing requirements of the city without levying assessments or suspending dividends.

The assessments on stock will not exceed fifty cents on the dollar, and will be due as follows:

Two dollars a share on the 1st of October, ten dollars in September, ten dollars in October, ten dollars in November, and the remaining ten dollars in February.

The Pacific Pneumatic Gas Company propose to light the town within ninety days after the contract between themselves and the Carson Company has been signed.

About one half the stock has already been subscribed and if the remainder is quickly taken up the city will be lighted before the end of October.

The subscription list can be seen at the store of John G. Fox, Esq., Carson street, and all persons desiring to take stock are requested to call as early as possible and sign for the amount they wish to take.

If citizens now using coal oil take gas as they have promised the Carson City Gas Company within a few months will be able to declare dividends of three or four per cent. per month on the cash capital invested, while selling gas at \$6 per thousand, relatively a lower price than gas sells for in San Francisco.

July 26th

PALACE SALOON!

WILL BE OPENED THIS EVENING BY the undersigned, and hereafter kept as a

FIRST CLASS SALOON.

In the building formerly occupied by J. Mart. Reese, on Carson street.

The house has been entirely refitted—Furniture and Fixtures ALL NEW.

The Bar will always be supplied with the Best Stock to be had.

And will be under the management of Mr. A. LIVINGSTON.

Satisfaction is guaranteed, and a call from all friends is solicited.
